Cadence

Anmol Takiar, Sam Stevens,
Garrett Morse, Jason Guo

Team //todo
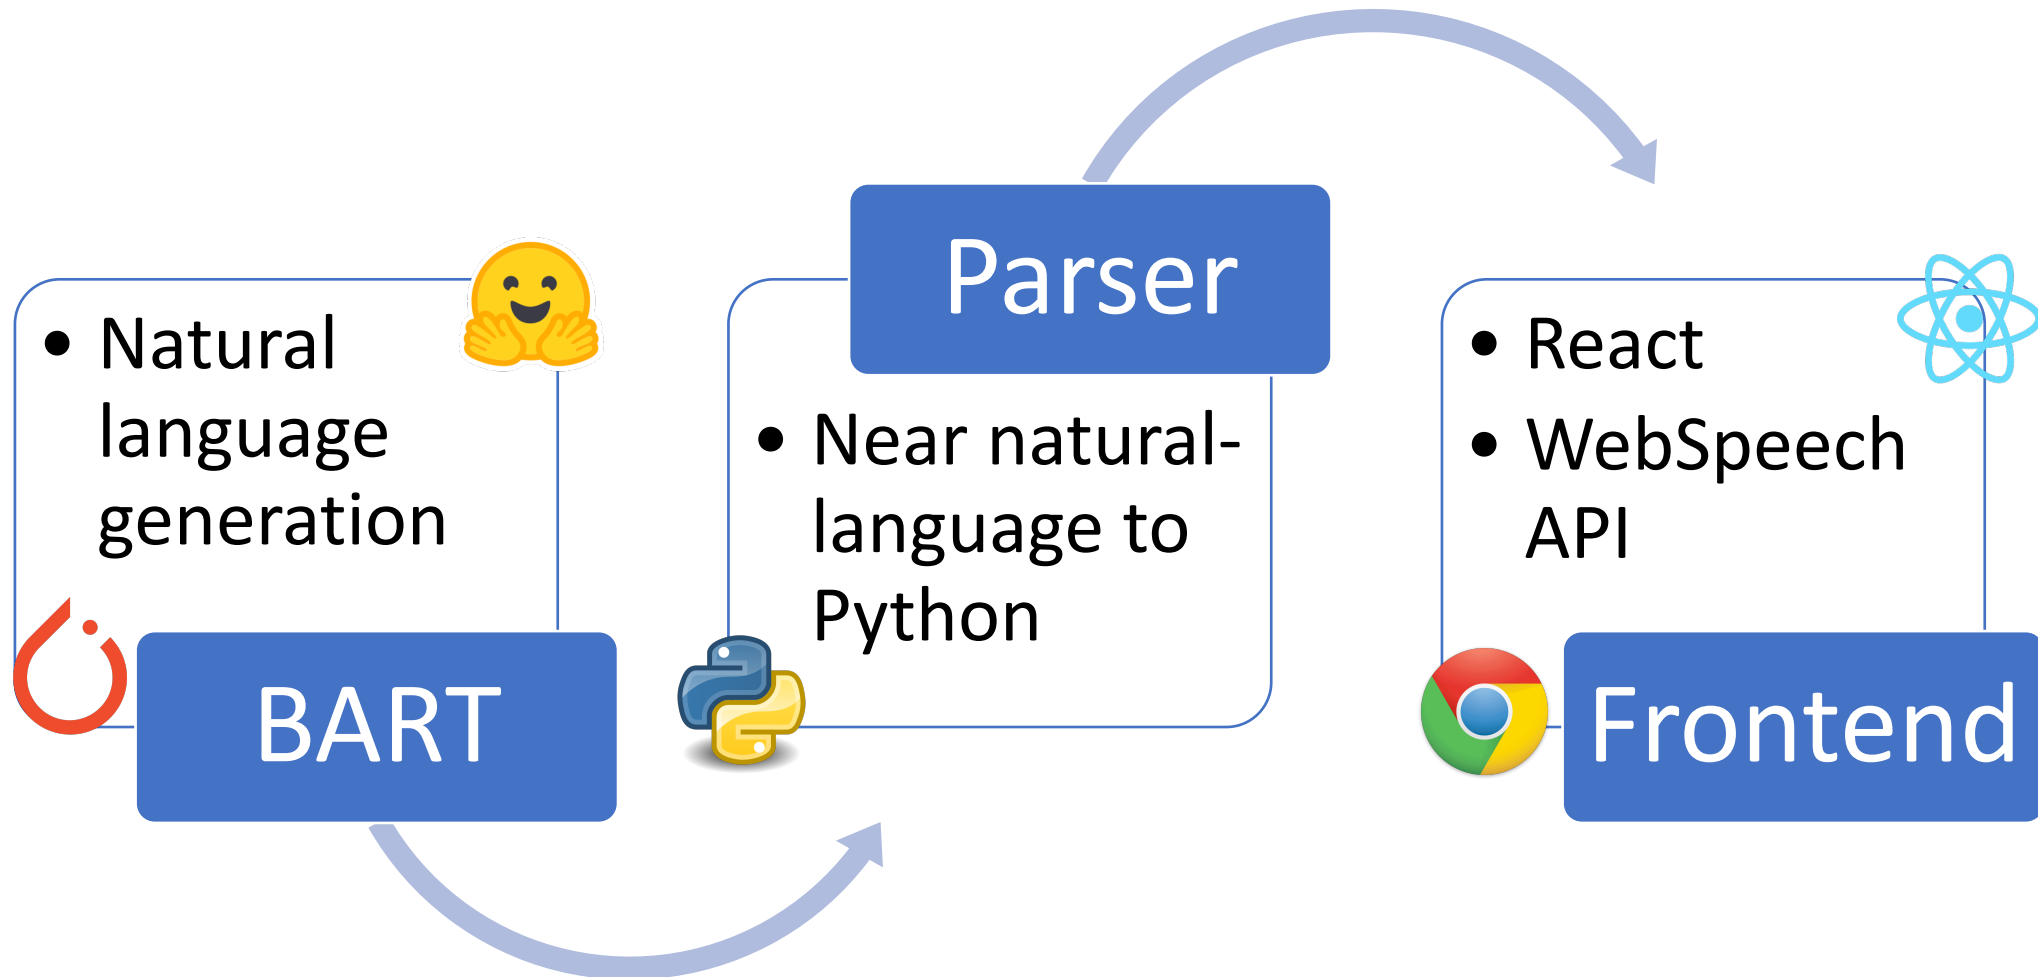

Problem

From common hand injuries to physical disabilities – there are many things that can hold people back

Solution

A **voice-powered code editor** that leverages recent advancements in natural language processing to make **programming more accessible**

Tech Stack

Give me a function named cadence with a single argument x

function cadence one *argument* x

```
def cadence(x):
```
